

## **POOR PEOPLE DEVELOPMENT SOCIETY**

**Newsletter - January 2020 - June 2020**

### **Women's Health Awareness & Certificate Distribution**

**29.01.2020**

P.P.D.S organized a certificate distribution function for those who had completed tailoring training on the 29.01.2020. During this function women were also given awareness on menstrual health and hygiene. They were also introduced the

organic napkin for prevention infections. They also gained clarity on many health issues during the program. Tea and snacks were provided during the function. Participants appreciated and thanked P.P.D.S for organizing useful program.

### **Milch Cow distribution to the poor Women**

**29.02.2020**

On the 29<sup>th</sup> of February PPDS distributed milch cow for a very poor woman in Kumalam village in Villupuram district, Tamilnadu. The cow is of worth Rs.45,000 (556 Euro) and the woman is quite confident of

earning her living by selling milk and the dairy products she would get through the milk cow. Her confidence to improve the economic condition of her family is very much motivating for PPDS service to the economic development of poor women.

## Milch Cow Distribution Poor Tribal women

04.03.2020

PPDS is happy to distribute milch cow on the 4<sup>th</sup> of March 2020 for a poor tribal women living in Pulichapallam village, Villupuram district. Tribes in this village are struggling for their lively hood as they have no education and no

proper employment. PPDS believes lively hood support could help the community to be independent with self-employment and so supported the poor women with milch cow. The cow is of worth Rs.44, 000 (543 Euro). The community is also happy to receive such kind of support as they too think that there can be development in the economic conditions of the community.

## Corona virus awareness

27.04.2020

To reduce the devastating effect of corona around the globe Ppds conducted awareness camp on health and hygiene and about the importance of physical distancing to stop the spread of covid-19 and also distributed leaflets to the public to create awareness about the coronavirus.
